Large Box for Perishable Products

\$8.99

Very economical due to their lightweight reusability and the fact that they are a recyclable product. Inside regular carton box there is a cooler made of styrofoam – it consists of two pieces: a tight fitting lid and a seamless molded expanded polystyrene body. With gel refrigerant for temperature control. Purchase required if the total weight of the cold cuts or other highly perishable food products exceeds 4 pounds. Inside dimensions: 12x10x9".
